ADMINISTRATION BUILDING

MISSISSIPPI SOUTHERN COLLEGE

SOUTHERN'S FRIENDLY SPIRIT AND YOUTHFUL VIGOR.

DEAR SENIOR:

Congratulations! It won't be long now until you are the proud owner of a high school diploma.

And you have reason to be proud. Your determination and your desire, both important assets in working toward a high school education, are highly commendable. Do you remember your eighth grade class? Look around you. How many of those students are seniors along with you?

But before you begin taking all the bows—what are you going to do about college?

Present draft regulations permit the directors of our ROTC program to request and receive deferments for at least fifty per cent of all FRESHMEN ROTC students.

ALL WORK AND NO PLAY, etc. . . .

You know that "going to college" involves a number of things besides actual classroom recitations. You are probably wondering what forms of recreation and relaxation are available here during the Summer quarter.

Well, in the first place, you will have a

tinue on to college.

You, like so many youngsters finishing high school this year, are faced with all the normal problems, plus those imposed by unsettled world conditions. We can't decide for you but we can advise you to prepare yourself through education to the utmost of your abilities.

HERE'S OUR ' ' ' ' J E T ' ' ' ' P L A N

Mississippi Southern, known throughout the South as "the friendly college", has a reputation for striving to serve the needs of its students. We are frankly hoping that you will become one of our students. To help influence your decision, we are now offering an "accelerated" program for your consideration.

If you enroll here on June 4, 1951 (regis-

and the environment can normally be expected to be on a par with other sessions.

Then, if you are the athletic type you certainly won't have to worry about what to do in your spare time. On the campus proper you will have access to eleven (11) tennis courts, all hard-surfaced; six softball diamonds; a modern swimming pool; a nine-hole golf course; the Women's Gym with its basketball and volleyball courts and handball facilities; and the Sports Arena with its three basketball courts, volley ball and badminton courts, ping pong tables, and the latest gymnastic equipment.

And if you are the type that gets tired just thinking about a set of tennis in the hot sun, we have a beautiful campus with some of the finest shade trees in the world — plenty

MISSISSIPPI SOUTHERN COLLEGE

SOUTHERN'S FRIENDLY SPIRIT AND YOUTHFUL VIGOR.

DEAR SENIOR:

Congratulations! It won't be long now until you are the proud owner of a high school diploma.

And you have reason to be proud. Your determination and your desire, both important assets in working toward a high school education, are highly commendable. Do you remember your eighth grade class? Look around you. How many of those students are seniors along with you?

But before you begin taking all the bows—what are you going to do about college? Statisticians estimate that only three of every ten high school graduates in Mississippi continue on to college.

You, like so many youngsters finishing high school this year, are faced with all the normal problems, plus those imposed by unsettled world conditions. We can't decide for you but we can advise you to prepare yourself through education to the utmost of your abilities.

HERE'S OUR "JET" PLAN

Mississippi Southern, known throughout the South as "the friendly college", has a reputation for striving to serve the needs of its students. We are frankly hoping that you will become one of our students. To help influence your decision, we are now offering an "accelerated" program for your consideration.

If you enroll here on June 4, 1951 (registration day), and continue your studies straight through until graduation, you will receive your degree in June, 1954. Under that program, your training would be the same as that of a regular four-year college student; your opportunities for increased earning would be equal to or better than those of students following a normal program; and, naturally, the overall cost of your college education would be less.

FOR MEN ONLY DEP'T

An added feature of our jet-propelled program concerns you only if you are a male. Concerns you directly, that is—indirectly, you'll have to draw your own conclusions.

The Department of Army has just approved an accelerated ROTC program that coincides nicely with our college program. Under this plan, you may enroll in ROTC this June and begin training that will lead to a commission upon your successful completion of your college education.

P. S. Some important dates to remember!

First Term, Summer Quarter ----- June 4 to July 10
Second Term, Summer Quarter ----- July 11 to August 16
Fall Quarter, 1951 ----- September 10 (Registration)

Present draft regulations permit the directors of our ROTC program to request and receive deferments for at least fifty per cent of all FRESHMEN ROTC students.

**ALL WORK AND NO
PLAY, etc. . . .**

You know that "going to college" involves a number of things besides actual classroom recitations. You are probably wondering what forms of recreation and relaxation are available here during the Summer quarter.

Well, in the first place, you will have a lot of company. Our Summer quarter session has increased in popularity within recent years and the enrollment can normally be expected to be on a par with other sessions.

Then, if you are the athletic type you certainly won't have to worry about what to do in your spare time. On the campus proper you will have access to eleven (11) tennis courts, all hard-surfaced; six softball diamonds; a modern swimming pool; a nine-hole golf course; the Women's Gym with its basketball and volleyball courts and handball facilities; and the Sports Arena with its three basketball courts, volley ball and badminton courts, ping pong tables, and the latest gymnastic equipment.

And if you are the type that gets tired just thinking about a set of tennis in the hot sun, we have a beautiful campus with some of the finest shade trees in the world — plenty of room just to sit and relax.

Seriously, you'll enjoy the annual watermelon cutting, the open-air square dances each week, and the college picnic that features fried chicken. If you have special talents, you'll find outlets in the summer production of our dramatics organization as well as in the chorus, concert band, and Little Symphony, all features of the Summer session.

LET US HEAR FROM YOU!

You understand that space prohibits going into detail about our college and about the Summer session which starts on June 4. You probably want more details and we'll be glad to send them to you. Just fill in and mail the attached card.

Meantime, if you happen to be in the neighborhood, we would certainly like to have you visit our campus.

Sincerely yours,
R. C. COOK,
President

P. S. Again!
We're having a gala Career Day program especially designed for High School seniors on Friday, March 30. You are cordially invited to attend and to bring your friends. It's a lot of fun and you are sure to enjoy it. See you there.

Courses of Study

Students entering the Summer session at Mississippi Southern College will find available a wide range of study patterns — the same that are available during the regular sessions. If you have a definite career in mind and do not find the suggested pattern listed below, you should write the Dean of the College for information about the program.
